

This is an artist's conception of The Crescent site plan and is subject to change. Actual placement of buildings, and the number size and type may vary due to final plans, by phase, and by ground conditions at time of actual installations. Any existing foliage shown or otherwise may be removed during land development.

The Crescent features an elegant clubhouse, with exercise room, a private library, kitchen facilities and a gathering room. There is an olympic size, heated pool, spa and gazebo, all for you to enjoy.
